Working Features From Demo:
- Log-in
- Create user
- Edit user profile
- User hub
- Messaging
- Rating
- Discussion board

Issues:
- Some features aren't fully functional because the database is not set up yet

Suggestions Offered by TA:
- Create a server
- Use node.js
- Follow tutorials on creating a server
- Create db tables
    - Users
    - Rides
    - Ratings
    - Threads
- Create queries against tables

Working pages that weren't seen in the demo:

-Ratings:

Group 112-3: Alex Palo, Eben Fluto, Swami Velamala, Tamer Shahwan, Zach Richardson

-Discussion Board:
